

April 2026

Dear Year 9 Parents and Carers,

Re: Mathematics End of Term Assessment – Tuesday 28th April

The Year 9's will be sitting their end of Term 2 mathematics assessment on Tuesday 28th April.

This exam will be a **calculator paper**, so we kindly request that all students **bring in their calculators to school**. We will be unable to provide students with calculators for this exam. It is also expected that all students will bring basic equipment to the examination including a black pen, pencil, and ruler.

A list of revision topics with the corresponding Sparx codes has been uploaded to Satchel One, along with a revision booklet for students to work from. Please also see the revision list below:

Units	Sparx topic codes
Error intervals	U657 U108 U301
Representations of 3D shapes	U743
Pythagoras' theorem in 2D	U385
Ratio	U687 U577
Proportion word problems	U721 U357 U610
Equations of linear graphs	U315 U669
Speed and rates	U151 U256
Distance-time graphs	U403 U914 U462 U966

Students will be given next week to revise in class, but it is strongly recommended that students are revising at home, as well.

Thank you for your continued support, and we look forward to seeing the students' progression and achievement across this term in maths.

Yours sincerely,

Miss Emmins
KS3 Mathematics Coordinator
