

24<sup>th</sup> March 2026

Dear Parents and Carers,

### Easter Holidays: Booster Sessions

We are pleased to inform you that, during the upcoming Easter holidays, a number of departments will be offering Booster sessions for Year 11 students. These sessions are designed to provide additional support as your child prepares for their final GCSE examinations.

The aim of these interventions is to reinforce key knowledge and skills, offering targeted support from subject teachers in a focused learning environment. This is a valuable opportunity for students to deepen their understanding and boost their confidence in preparation for the exams ahead.

Please find attached the full schedule of sessions. For each session, students should report to main reception where they will be met by their teacher.

Most of the booster sessions will take place in school, while one other session will be delivered online. The link for the English online session is provided in the timetable attached.

Due to essential works currently taking place on the school site, the number of days available to run sessions has been significantly reduced. As a result, we have had to carefully plan and prioritise the scheduling of these sessions within a more limited timeframe. We appreciate that this may lead to some unavoidable clashes; however, please be assured that we have made every effort to minimise any disruption and accommodate as many students as possible.

Thank you for your continued support.

Yours sincerely,

Dr R Reay

Associate Assistant Headteacher
